### PLIQO CARRY ON (Orange Inner Lining)

Pack all your garments in a bag that looks stylish and elegant. An ideal solution for all business people who need to look sleek while on travel.

If you need a garment bag, but want to keep your stylish businessperson look, Pliqo Carry On is the perfect product for you.

The bag offers an incredible combination of compact size and generous room. Thanks to its patent-pending folding hanger system, you can pack shirts, trousers, and other garments effortlessly. The small size then makes it possible to pack the bag in almost any carry-on luggage, along with other EDC bags, panniers, etc.

Pliqo Carry On design is contemporary, and you will love the mixture of colors that give this bag a classy and elegant look. The key, however, lies in its versatility.

The big pocket was primarily designed for shirts, but there is no reason why you wouldn't put a laptop inside. You also have two smaller pockets ideal to fit any compact-sized items. Users can choose whether to use the shoulder strap, a carry handle, or the trolley bag attachment.

The PLIQO bag's designer, Patrick Tatham, created this ingenious traveller's accessory based on his own extensive business travel experience. "I want to be relaxed and comfortable when I'm on the move, not worrying that I will appear in a crumpled suit at the start of my meetings. The PLIQO bag is the solution. And that's why we call it 'the smartest garment bag in the world'."
